Steps for determining PRF status:

OPERA acts as repository for the offer documents and prospectus lodged or registered with MAS. The schemes constituted in Singapore are called Authorized Schemes (includes Mutual Funds, ETFs and REITs) and the Schemes constituted outside Singapore are called Recognized schemes.

The appropriate section in OPERA to be checked for funds is "Offers for CIS". The link is <https://eservices.mas.gov.sg/opera/>

The fund manager of a retail scheme holds a CMS License (retail) issued by MAS and the prospectus for schemes / funds launched by such managers are available on the OPERA portal with their status. The regulated status of the Fund Manager can be ascertained from the registry available at <https://eservices.mas.gov.sg/fid>. Therefore, the final determination would entail below checks:

1. On the Opera Portal for the Fund <https://eservices.mas.gov.sg/opera/>
2. On the MAS portal for the fund manager

Managed funds

Managed funds enable you to invest in different types of assets, even if you don't know much about investing. KiwiSaver schemes are managed funds.

When you invest in a managed fund, your money is pooled with other investors' money and is spread across different kinds of investments. A manager chooses how the fund is invested according to the rules set out for each fund and each investor owns a proportion of the total fund.

You can invest in a single fund or a mix of funds.

Section 164 Requirement for statement of investment policy and objectives (SIPO)

(1) A manager of a registered scheme must ensure that there is a statement of investment policy and objectives that provides adequately for the investment policy and objectives of the scheme and for the following matters:

(a) the nature or type of investments that may be made, and any limits on those; and (b) any limits on the proportion of each type of asset invested in; and

(c) the methodology used for developing and amending the investment strategy and for measuring performance against the investment objectives of the scheme.

(2) However, if there are no limits on a matter referred to in subsection (1)(a) or (b), the statement of investment policy and objectives must clearly disclose that fact.

(3) The statement must provide for the matters set out in this section in accordance with the frameworks and methodologies specified in notices issued by the FMA under subpart 4 of Part 9 that apply to it (if any).
